MEMORANDUM FOR: Assistant Director for Collection and Dissemination

SUBJECT : Intelligence Directives Folder (CIA TS-030574)

1. The Director has asked that the dissemination of subject folder be reviewed to ascertain that copies are available only to those whose duties require its use.

2. You will remember that this folder was originally issued 27 February 1953 with an initial distribution of 36 copies. You were charged with entertaining requests for supplementary distribution and making such distribution as appropriate. Forty additional copies have been disseminated in the two years since February 1953; some of these copies went to units whose parent or related unit had received copies initially.

3. In order to assure the Director that subject folder is properly disseminated:

(a) Please ask the Deputy Directors to determine whether all copies presently held by their units are required and, if not, to return the unnecessary copies.

(b) Please inquire similarly of recipients outside the Agency.

4. I would appreciate being advised of the results by 2 May.
